First District.—William Johnston, Registrar, Office, 33, Meadowside.

Third District.—James Waddell, Registrar, Office, Union St., Lochee.

Office Hours from 9 a. m. to 3 p. m., and from 6 to 8 p. m.

On Saturdays, from 9 to 3.

The Act for making the Registration of Births, Deaths, and Marriages, imperative, came into operation on the 1st of January, 1855; since which time other two amended Acts have been passed, affecting considerably a number of sections of the First Act. The dates of Registration however have not been altered, and to avoid penalty must take place as follows:

Births within 21 days,

Deaths „ 8 „

Marriages 3 „

The proper informants of a Birth are the Parents, and of an illegitimate Birth the Mother, but it requires the personal attendance of both Father and Mother at the Register Office before an illegitimate child can be registered by the surname of the Father.

The nearest Relative present at the Death of any person, and failing the deceased having any Relative the Occupier of the house in which the Death took place, must personally give notice of the Death to the Registrar within the above period. However by the arrangements of the respective Burying Grounds, it is necessary that Deaths be registered before Interments take place.

Marriage Schedules may either be delivered personally to the Registrar, or sent by Post, but it is very desirable that they should be delivered personally in case of being improperly or imperfectly filled up. It is also of importance for contracting parties to bear in mind, that it is absolutely necessary for them to have the real signatures of two witnesses to the ceremony before it is a complete document.

For the purposes of the Act the Parliamentary Burgh of Dundee was divided into three Districts. A line from the Harbour along Castle Street, High Street, Reform Street, Ward Road, and the Newtyle Railway, to the extreme North divides the First from the Second District; and a line from opposite Hazel Hall along Blackness Road down by East end of Glen Agnes Cottage across to Lochee Road, by Logie Farm Steading, along said road till nearly opposite Logie Burying Ground, then in a straight line North, by east side of Mr. W. Brown's property to King's Cross divides the Second from the Third District.

I.—RATES OF POSTAGE.

Inland Letters.*

The rate of postage on all inland letters is regulated by weight, irrespective of distance, and (with the exceptions afterwards mentioned) is as follows:—

If paid in advance—

Letter weighing	not more than $\frac{1}{2}$ oz.	-	-	1d.
"	"	more than $\frac{1}{2}$ oz. but not exceeding 1 oz.	-	2d.
"	"	more than 1 oz.	"	2 oz. - 4d.
"	"	more than 2 oz.	"	3 oz. - 6d.

and so on; twopence being charged for every additional ounce.

Unpaid Letters.

As a general rule, the postage, if not paid in advance, is double the foregoing; and if the payment in advance be insufficient, double the deficiency is charged. An inland letter, for example, weighing more than half an ounce, and not exceeding one ounce, if bearing a penny stamp only, is, on delivery, charged twopence. The unpaid *additional* postage on re-directed letters, however, is not doubled, being the same as if such postage were prepaid. Unless three quarters, at least, of the postage of a letter weighing more than 4 oz. be prepaid, the letter is not forwarded, but a notice of its detention is forwarded to the sender, or failing him, to the person to whom it is addressed.

Colonial and Foreign Letters.

The rates of postage on letters to foreign countries, and the colonies are entered in the Table of Colonial and Foreign Postage, at page

Addresses to the Queen & Petitions to Parliament.

Petitions and Addresses to Her Majesty, forwarded direct, are exempt from postage; and such petitions and addresses, as also petitions to either House of Parliament, if sent to a member of either House, are likewise exempt, provided they do not weigh more than two pounds, and are without covers, or are in covers open at the sides. No letter, or other inclosure, however, must be inserted, and if one be found, such enclosure, unless it bear the proper number of postage stamps, will be charged as an unpaid letter.

* Inland Letters are those which pass between places in the United Kingdom including the Isle of Man, the Orkney, Shetland, Scilly, and Channel Islands.

Newspapers and other periodical Publications bearing the Newspaper Stamp.

Although provision is made for forwarding newspapers, books, and money through the post, it is not compulsory on any one to employ this mode of transmission; everything except letters may be sent in any other way.

All periodical publications, including newspapers published in the United Kingdom, at intervals not exceeding thirty-one days, and which bear an impressed stamp or stamps denoting the stamp duty (of the kind formerly confined chiefly to newspapers), may be transmitted and re-transmitted through the post within the United Kingdom free of postage under the following regulations, viz.:—

1st. They are subject to the same restrictions with regard to the number of sheets and superficial extent as were formerly applicable only to newspapers properly so called. These restrictions are shown in the following Table:—

Amount of Stamps impressed on the Publication.	Maximum Number of Sheets.	Maximum Superficial Extent of Letter-press on One Side.
One Penny - . .	Two - . . .	2,295 inches.
Three Halfpence - .	Three - . . .	3,443 "
Two Pence - . . .	Four - . . .	4,591 "

2nd. No publication, or portion thereof, can pass through the post unless the impressed stamp which it bears be a stamp of the value at least of one penny.

3d. The title and date of the publication must be printed at the top of every page.

4th. The publication must be folded in such a manner that the whole of the stamp or stamps denoting the full duty, shall be exposed to view, and be distinctly visible on the outside, except that where there are more than two publications in the same cover it will be considered sufficient if the stamps be so arranged that they can readily be examined.

5th. It must not be printed on pasteboard or cardboard, or on two or more thicknesses of paper pasted together, nor must any pasteboard, cardboard, or such pasted paper be sent with it as a back or cover thereto, or otherwise.

6th. It must be posted within fifteen days from the printed date of issue.

7th. It must have either no cover or a cover open at the end.

8th. It must not contain any inclosure.

9th. It must have no writing or other mark thereon, but the name and address of the person to whom it is sent, nor anything on the cover but such name and address, the printed title of the publication, and the printed name and address of the publisher or vendor who sends it. Thus if a

newspaper franked by a newspaper stamp. after having had the address of one person written upon the paper itself, be sent to another person, the first address must be cut off (obliteration not being sufficient), otherwise the paper will be charged as an unpaid letter.

10th. If the publication be addressed to any person within the free delivery of the place, where it is posted, it will become liable to a postage of one penny, which must be prepaid by affixing a postage stamp.

11th. When a newspaper, &c., is so folded as not to expose the stamp or stamps, a postage of one penny is charged in addition to any other postage to which the publication, if properly folded, would not be liable. If the newspaper, &c. be addressed to any person within the free delivery of the place where it is posted, and do not bear a penny postage label, it is charged 2d

12th In case of any other irregularity the publication is dealt with as an unpaid letter.

Newspapers sent abroad.

Newspapers sent abroad are liable to the same regulations as newspapers passing (under the newspaper privilege) between different parts of the United Kingdom, except as regards size, and that, before going abroad, the name of the newspaper must have been registered at the General Post Office, and that, instead of requiring to have an impressed stamp (by which is meant the stamp specially used for newspapers), each newspaper, if sent to a British Colony, is liable to a postage of 1d (which must be prepaid by a postage label or in money*), together with an additional postage (as shown in the Table of Colonial and Foreign Postage) when the newspaper has to pass through a foreign country. In the same table will be found the postage of newspapers sent to foreign countries. In all cases of newspapers going abroad, the impressed stamp stands for nothing. Publications registered for transmission abroad, although not strictly newspapers, are in all respects treated as such, so far as their transmission by the British office is concerned.

Parliamentary Proceedings.

Printed proceedings of the Imperial Parliament, sent without covers, or in covers open at the ends, may circulate within the United Kingdom at the following rates of postage:—

Weighing not more than 4 oz.	-	-	-	1d
„ more than 4 oz. but not exceeding 8 oz.	-	-	-	2d
„ more than 8 oz.	„	12 oz.	-	3d
„ more than 12 oz.	„	16 oz.	-	4d

and so on; one penny being charged for every additional quarter of a pound or fraction of a quarter of a pound.

The words Parliamentary Proceedings must be written or printed on the cover of the packet, otherwise it will be liable to the letter rate of postage.

* Newspapers posted unpaid are retained at the Returned Letter Office, for a week, and then, if the postage still remain unpaid, are destroyed.

Prepayment, when the circulation is within the United Kingdom, is optional; and if it be made in part the simple difference only is charged.

Parliamentary proceedings may be sent, under the Book Post privilege, to all the colonies, and to those Foreign States between which and this country there is a book post.

Inland Book Post.

The following are the regulations of the Inland Book Post :—

1st. Rates of Postage ;

Weighing not more than 4 oz.	-	-	-	-	1d
„ more than 4 oz. and not exceeding 8 oz.	-				2d
„ more than 8 oz.	„	„	16 oz.	-	4d
„ more than 1 lb.	„	„	1½ lb.	-	6d

and so on, 2d being charged for every additional half pound or fraction of a half pound.

2d. The postage must be prepaid in full, by means of postage stamps affixed outside the packet or its cover.

3d. Every packet must be sent either without a cover, or in a cover open at the ends or sides ; so as to admit of the enclosures being removed for examination. For the greater security of its contents, the packet may be tied at the ends with string ; but in such case the Postmaster is authorized to cut the string, although he is required to refasten the packet.

4th. A book-packet may contain any number of separate books or other publications (including printed letters and printed matter of every kind), photographs when not on glass, prints, or maps, and any quantity of paper, parchment, or vellum. And the books or other publications, prints, maps, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate binding, mounting, or covering of a book, &c., or of a portion thereof, will be allowed, whether such binding, &c. be loose or attached ; as also rollers, in the case of prints or maps ; markers (whether of paper or otherwise), in the case of books ; and, in short, whatever is necessary for the safe transmission of literary matter, prints, maps, or photographs, or usually appertains thereto ; but no patterns, or books of patterns, (unless these consist merely of paper) can be allowed.

5th. No book-packet may contain any written letter, closed or open, or any enclosure sealed or otherwise closed against inspection ; nor must there be any letter, nor any communication of the nature of a letter written in any such packet or in or upon its cover. Entries however, merely stating who sends the book, &c., or to whom it is given, are not regarded as a letter. Indeed as respects the name and address of the sender, not only is the writing permitted but recommended ; so that if the cover come off or for any other reason the packet cannot be forwarded, it may be returned.

6th. No book-packet must exceed two feet in length, width or depth.

7th. Any packet which shall not be open at the ends or sides, or shall have any written letter or any communication of the nature of a letter written it, or upon its cover, will be charged with the “unpaid” letter postage.

8th. If a packet be found to contain any written letter, whether closed or open, or any enclosure sealed or otherwise closed against inspection, or any other unauthorised enclosure, the letter or enclosure will be taken out and forwarded to the address on the packet, charged with the full postage, as an unpaid letter, together with an additional rate (1d); and the remainder of the packet if duly prepaid with stamps, will then be forwarded to its address.

9th. If a packet be not sufficiently prepaid with stamps, but nevertheless bear a stamp of the value of one rate (1d) it is forwarded, charged with the deficient book-postage, together with an additional rate; but any packet which bears no postage stamp is charged with the "unpaid" letter postage.

10th. In every case in which the postage chargeable under these regulations is greater than the letter rate, the latter postage is substituted.

Colonial Book Post.

At the following rates, and on the same conditions as the foregoing (except that no package weighing more than three pounds can be sent to the East Indies or to New South Wales, and that no book-packet can be sent direct to any other part of the Cape Colony than Cape Town, Port Elizabeth, and Mossel Bay*), book-packets may be forwarded to every British Colony, as well as to the undermentioned foreign countries:—

1st. To India, Ceylon, New South Wales, Victoria, Tasmania (Van Dieman's Land), South Australia, Western Australia, New Zealand, Mauritius, Hong Kong, and Labuan:

				Viâ	Viâ†
For a packet weighing—				Southampton.	Marseilles
not more than 4 oz.	-	-	4d	-	6d
more than 4 oz. but not exceeding 8 oz.			8d	-	1s
„ 8 oz.	„	„	1 lb. 1s 4d	-	2s
„ 1 lb.	„	„	1½ lb. 2s	-	3s
„ 1½ lb.	„	„	2 lbs. 2s 8d	-	4s

and so on; two rates being charged for every additional half-pound or fraction of a half-pound.

2d. To every other British Colony, to Buenos Ayres and the other portions of the Argentine Confederation, to Monte Video and the rest of the Republic of Uruguay, to the Danish West Indies (St Thomas, St Croix, and St John) to Hayti, St Juan de Nicaragua, the Mosquito Territory, to Liberia and other parts of the West Coast of Africa, and by private Ship, to Hamburg, Bremen, Lubeck, and Gottenburg, and viâ Southampton to Alexandria, Cairo, and Suez.

* If it be desired to send book packets to any place in the interior of the Cape Colony they should be addressed to the care of some person at Cape Town, Port Elizabeth, or Mossel Bay.

For a packet weighing—

not more than 4 oz.	-	-	-	-	3d
more than 4 oz. but not exceeding 8 oz.	-				6d
„ 8 oz.	„	„	1 lb.		1s 0d
„ 1 lb.	„	„	1½ lb.		1s 6d
„ 1½ lb.	„	„	2 lbs.		2s 6d

and so on; 6d being charged for every additional half-pound or fraction of a half-pound.

The Head Postmaster who receives a book-packet is required, whenever he has ground for suspecting an infringement of any of the above conditions, and occasionally, even when there is no ground for suspicion, to open and examine the packet; and every book-packet which is not open at the ends or sides, or which has any written letter or any communication of the nature of a letter written in it or upon its cover, or which does not bear postage stamps equal to a single book rate, is ordered to be sent up, with as little delay as possible to the Returned Letter Branch of the Circulation Office in London, Dublin, or Edinburgh, as the case may be; but in the case of any other infringement of the regulations, the packet is dealt with by the Postmaster himself, in accordance with the above regulations.

To prevent obstacles to the regular transmission of letters, a Head Postmaster may, when necessary, delay forwarding any book-packet, not a newspaper, for a period not exceeding twenty-four hours beyond the ordinary time; and at Packet Offices the delay may, at the option of the Postmaster, be either for that period, or until the despatch of the mail next after that by which the book-packet ought otherwise to be forwarded.

It must be borne in mind that the main business of the Post Office is the transmission of *letters*, and that the forwarding of books and newspapers (which as already stated, no one is compelled to send through the Post Office) though an important is only a secondary object, for which no arrangement can be made which would interfere with the quick and regular conveyance and delivery of letters. Books, therefore, which would be injured by being thrust into a bag and hurriedly pressed down like a bundle of letters should not be sent through the Post.

II. REGISTRATION.

By the prepayment of a fee* of sixpence any letter, newspaper, book, or other packet on which the postage has been prepaid in stamps, may be registered to any place within the United Kingdom. Letters and Book packets, &c., addressed to the following British Colonies can be registered only as far as the port of despatch; but to all other British Colonies they can be registered to destination:—Tasmania, Ascension, Gambia, Vancouver's Island, British Columbia, Labuan, and Falkland Islands. Whether

* This fee in the case of letters addressed to a place abroad, may be paid either in money or in stamps, but all other cases it must be paid in stamps.

the registration be to destination or to the port of despatch only, the fee is 6d., irrespective of weight ; and this fee, together with the usual letter rate, &c., must be paid in advance.

The registration fee upon letters addressed to France or Countries through France (*exclusive of those sent in the British Mails to India, Gibraltar, via France, Malta, Constantinople, Portugal, Spain, Sardinia, Parma, Placentia, Modena, Tuscany, or Australia*) is not a fixed sum, but is chargeable by weight, and is in all cases a sum exactly equal to the postage, whatever that may be.

The registration fee chargeable upon letters addressed to Russia and Poland is a fixed sum of 9d. for a letter of any weight, in addition to 3½d. for every ½ oz. or fraction of a half ounce.

To foreign countries *letters only* can be registered. The registration of a packet makes its transmission more secure by regarding it practicable to trace it, when Inland, from its receipt to its delivery; and when colonial, if not to its delivery at least to the port of despatch. The Post Office does not guarantee the safe delivery of the letter, &c., though the officers are of course responsible to the Postmaster General, who will call to strict account any one neglecting his duty on this point, and, if his Lordship think proper, will require him to make good any loss that may be sustained thereby.

The postage and registration fee of registered letters must be prepaid; and if the letter be inland, such prepayment must be by stamps.

Every letter to be registered should be presented at the window, and a receipt obtained for it, and must on no account be dropped into the letter-box. If, contrary to this rule, a letter marked "Registered" be dropped into the letter-box, it will, *if directed to any place in the United Kingdom*, be liable to a registration fee of one shilling, instead of the ordinary fee of sixpence.

The latest time for posting registered letters is a quarter of an hour before the time for posting ordinary letters.

III. DELIVERY.

Letter Carriers and Rural Messengers are prohibited from distributing any letters, newspapers, &c., whether before beginning their rounds, while on their rounds, or after they have completed them, except such as have passed through a Post Office. Nor are they allowed to receive any payment beyond the postage for the delivery or collection of any letter or newspaper, nor to deviate from the route laid down for them. The prohibition, however, from receiving payment in addition to the postage does not extend to Christmas gratuities.

Delivery at Window.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the office window if a delivery by Letter Carriers is about to commence; but when a mail arrives, after which there is no immediate delivery by Letter Carriers, any person may obtain his letters arriving by such mail on applying at the window so long as the office is open. There are, however, exceptions to this rule in cases where there are frequent deliveries by Letter Carriers.

In order to prevent the additional trouble which is sometimes caused by letters being directed to a Post Office, although for persons residing within a free delivery from such office, but who have no private box, a Postmaster is authorized, when such letters arrive by a mail for which there is a delivery from house to house, to refuse to deliver them at the window (even though initials may be substituted for the name), and to send them out by the Letter Carriers, except such as are addressed to the military in barracks.

Private Boxes and Bags.

Any person can have a private box who is willing to pay the appointed fee. Where this fee goes to the Revenue, it is generally fixed at one guinea per annum to be paid in advance, and for a period of not less than a year; and where it goes to the Postmaster, he may demand the same terms, though he may at his option, take less. The same also, in most cases, are the terms for a private bag, except that in addition there is the cost of the bag itself, and a charge for conveyance, the maximum of the latter being half a guinea per annum if by a foot messenger, and two guineas if by a mounted one. As the service of a private bag, however, may possibly delay the despatch of the general bag, none are allowed without the permission of the Surveyor.

IV. MONEY ORDERS.

The public are recommended, when applying for Money Orders, to use printed "Application Forms," which save time, and afford greater security, than verbal messages, against mistakes. These Forms are supplied gratuitously at all Money Order Offices.

The commission on a money Order not exceeding £2 is threepence, and on one above £2 it is sixpence; no order being granted for more than £5. The commission on Money Orders, to Canada is four-fold these sums, and on Money Orders payable at Malta or Gibraltar three-fold.

No order is allowed to contain a fractional part of a penny.

With the subjoined exceptions, no Money Order can be issued unless the applicant furnish, in full, the surname and at least the initial of one Christian name, both of the remitter (the person who sends the order) and the payee (the person to whom the money is to be paid), together with the remitter's address:—

1st. If the remitter or payee be a peer or a bishop his ordinary title is

sufficient ; and if a firm, the usual designation of such firm will suffice* except a company trading under a title which does not consist of the names of the persons composing it, as the "Carron Company," to which kind of company the above privilege does not extend.

2d. When the remitter notifies in writing that the order is to be paid through a bank, it is left to his option to give or withhold the name of the payee; and he may, if he wish it, substitute for the name of the payee any other designation or any modification of the name, as for example:—"The Cashier of the Bank of England,"—"The Chief Clerk of the Foreign Office,"—"The Publisher of the Times,"—"Messrs Longman & Co."

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid, otherwise the order can be cashed at the Head Office alone.

An order once issued cannot be canceled; and should repayment or transfer to a different office or alteration of name be required, the remitter must apply to the issuing or paying Postmaster according to the directions printed on the back of the order.

The remitter of an order may make that order payable ten days after date, provided he sign the requisition "C." printed on the face of that order, to defer payment until ten days after date, and affix a penny receipt stamp thereto.

When an order is paid through a bank it is sufficient that it be receipted (without regard to any discrepancy between the signature and the name in the advice, or to whether the receipt is given by the payee himself or by another person), and that it be presented (crossed with the name of the receiving bank) by some person known to be in the employment of the bank.

The holder of a Money Order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus crossed, the question as to the name of the remitter put on the presentation of an ordinary Money Order is dispensed with.

Money Orders do not require a receipt stamp.

Payment of an order must be obtained before the end of the second calendar month after that in which it was issued (for instance, if issued in January it must be paid before the end of March), otherwise the order becomes lapsed, and a new order will be necessary, for which a second commission will be charged. (For the interval allowed for Canadian Money Orders see next page. Any person presenting a lapsed order will be furnished with a copy of a printed notice headed "Lapsed and Void Money Orders," containing directions how to proceed. If the order be not paid before the end of the twelfth calendar month after that in which it was issued (for instance, if issued in January, and not paid before the end of next January,) all claim to the money will be lost.

The mere term "Messrs" however, is not sufficient.

The Deputy Postmasters General of Malta and Gibraltar are authorized to *issue* Money Orders on the several Money Order Offices in the United Kingdom and Canada, and to pay Money Orders granted on them at the Money Order Offices in the United Kingdom.

Money Orders are issued at all Money Order Offices in the United Kingdom of Great Britain and Ireland, and at Malta and Gibraltar, on Money Order Offices in Canada, and by the Canadian Offices on any Money Order Office in the United Kingdom.

In consequence of the distance between the United Kingdom and Canada an interval of four instead of two months is allowed after the issue of an Order in one country payable in the other, before such Order becomes lapsed.

No application can be entertained for compensation for alleged injury from the nonpayment of a money order at the expected time; and after once paying a money order, by whomsoever presented, the Office is not liable to any further claim. The Public are therefore strictly cautioned,—

1. To guard against the loss of the money order.
2. Never to send the money order in the same letter with the information required on payment thereof.
3. To be careful on applying for a money order to state correctly the surname and at least the initial of the Christian name of the person in whose favour it is to be drawn.
4. To see that the name of the person taking out the order is correctly known to the person in whose favor it is drawn.

In case of the miscarriage or loss of a money order, a duplicate is granted on a written application (with the necessary particulars) to the Controller of the Money Order Office of the kingdom where the original order was *issued*; and if it be desired to stop payment of an order a similar application must be made to the Controller of the Money Order Office of the kingdom in which the order is *payable*. Every such application, however, must contain, in postage stamps, a second commission namely, threepence for an order not exceeding £2, and 6d for an order above that sum. Unless a sufficient reason be given for an exception, the application must be either from the remitter or payee. Should transfer of payment of an order from one office to another in the United Kingdom, or repayment of the amount of an order be required, an application enclosing the order must be made to the Postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission charged for the re-issue. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office, and full instructions on the subject will be found printed at the back of the Money Order.

IV.—MISCELLANEOUS REGULATIONS.

With the following exceptions no letter, &c. can be forwarded by the post which is more than two feet in length, breadth, or depth, nor any unpaid packet which weighs more than four ounces, unless three quarters of the postage have been paid. The exceptions are :—

- 1st. Packets to or from places abroad.
- 2d. Packets to or from any of the Government Offices, or departments, or Public Officers.
- 3d. Petitions or addresses to the Queen, whether directed to Her Majesty, or forwarded to any member of either House of Parliament.
- 4th. Petitions to either House of Parliament, forwarded to any member of either House.

5th. Printed Parliamentary proceedings.

No information can be given respecting letters which pass through a Post Office, except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Postmasters are not allowed to return any letter, &c., to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon; as every letter, &c., must be delivered to the person to whom it is directed, and to him alone.

Late letters, &c.,* are received till within five minutes of the despatch of the mails, except where the Surveyor may deem a longer interval necessary, and excepting that no office is to be kept open merely for this purpose after ten o'clock at night.

No late letters, &c., (except Government Letters) are forwarded by the mail preparing for despatch unless prepaid, and that in stamps, so as to include both the ordinary postage and the late letter fee; but in the case of Government Letters it is sufficient to prepay the fee.

With the subjoined exceptions, every re-directed letter or other postal packet will be liable to an additional postage (at the pre-paid rate) unless the re-direction be not only made by an Officer of the Post Office, but be to a place within the district belonging to the same Head Office. Thus, on a paid or unpaid letter re-directed by an Officer of the Post Office, or by any one else to a different postal district in the United Kingdom, and weighing not more than half an ounce, an additional postage is levied of one penny: or, if the weight be more than half an ounce, but does not exceed an ounce, of two pence; and so on. Upon a book thus re-directed to any other postal

* The term "Letters, &c." is meant to include every thing sent by the post whether letters, newspapers, books, or aught else. "Late Letters" are such as are posted after the ordinary time, and which cannot therefore be sent forward by the mail then in preparation, unless extra payment be made.

district in the United Kingdom, and weighing not more than four ounces, an additional postage of one penny is levied, or, if the book weigh more than four ounces but not more than eight ounces, an additional postage of two-pence; and so on. Government Letters from London, Edinburgh, or Dublin are not chargeable for re-direction.

During the time the office is open on Sunday (viz. from 9 to 10 in the morning), the public are allowed to prepay foreign and colonial letters, to purchase postage stamps, and to have letters registered; and all other duties are performed as usual, except the issue and payment of Money Orders, which, on that day are wholly suspended.

At no office is there more than one delivery on the Sunday, Christmas day, or Good Friday, nor, in Scotland, on the Sacramental Fast Days; and any person is at liberty to prevent even this, so far as relates to himself, as shown in the following regulations:—

1st. Any person can have his letters, &c., retained in the Post Office on Sunday by addressing to the Postmaster a writren request, duly signed, to that effect.

2d. Such request will be held to include newspapers, and all other postal packets, even such as may be marked “immediate,” as no distinction can be allowed.

3d. No letters, &c. the non-delivery of which by the Letter Carrier on Sunday has been directed, can be obtained from the Post Office window on that day.

4th. Private box-holders have the option of applying for letters at the office while it is open for delivery on Sunday, or of abstaining from so doing, as they may think proper; but no person can be permitted to engage a private box for Sunday only.

5th. To prevent the inconvenience and confusion which would arise from frequent changes in these instructions, no request can be entertained unless it extend to a period of at least three months, nor be withdrawn, even after that time, without a week's notice.

No postmaster is bound to give change, or is authorized to demand change; and when money is paid at a Post Office, whether as change or otherwise, no question as to its right amount, goodness or weight can be entertained after it has been removed from the counter.

Except as regards foreign and colonial letters about to be prepaid in money, a Postmaster is not bound to weigh any letters or other packets for the public, though he may do so if his duty be not thereby impeded.

Postmasters are instructed not to receive any Letter, &c., which there is good reason to believe contains anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. If such a letter &c. be posted without the Postmaster's knowledge, or, if at any time before its despatch he should discover any letter, &c., of the above description, he is directed not to forward it, but to report the case, with the address of the Letter, &c., to the Secretary. The following are examples of the articles referred to.

A glass bottle, or glass in any form; razors, scissors, needles, knives, forks, or other sharp instruments; leeches, game, fish, meat, fruit, or vegetables; bladders or other vessels containing liquids; gunpowder, lucifer matches, or anything which is explosive or combustible.

When any letters, &c., remain undelivered, owing to the residences of the persons to whom they are addressed not being known, a list of the addresses is affixed in the window of the Post Office to which they may have been sent, during the time (one week) they are allowed to remain there.

Letters for Non-Commissioned Officers, Soldiers, and Seamen in Her Majesty's Service.

Subject to the subjoined regulations, non-commissioned officers, bandmasters, private soldiers, or seamen, serving on board Her Majesty's Ships on sea or land (in Foreign Parts), as also enrolled pensioners in Canada, can send and receive letters by direct Packet or Vessel of War, for a postage of 1d.; but if any such letters have to pass through a Foreign Country they are subject in addition to the Foreign Rate, whatever that may be; thus the postage to the undermentioned countries (including the British charge of one penny) is as follows:—

	Under $\frac{1}{4}$ oz		Above $\frac{1}{4}$ oz and not exceedg $\frac{1}{2}$ oz		Under $\frac{1}{4}$ oz		Above $\frac{1}{4}$ oz and not exceedg $\frac{1}{2}$ oz

If either of the foregoing regulations be neglected, the letter will be charged the full Letter Rate.

Unpaid letters addressed to or received from France, are charged with a postage of 8d per $\frac{1}{4}$ oz.; and those to or from places in Turkey, Egypt, and Syria, at which France maintains Post Offices * are charged a rate of 9d per $\frac{1}{4}$ oz., instead of 6d the prepaid rate. Unpaid Letters addressed to or posted in Sardinia are charged with 6d beyond the ordinary postage as a fine. Unpaid letters sent to or received from Belgium are charged 8d per $\frac{1}{2}$ oz., when conveyed by direct packet; and 10d. per $\frac{1}{2}$ oz when conveyed by way of France. Unpaid letters sent to or received from Spain, the Balearic or Canary Islands, and those received from Portugal, Madeira, and the Azores by Packet or private Ship, are charged with double the prepaid rates. Letters to or from Canada, Nova Scotia, New Brunswick, Newfoundland, Prince Edward Island, Labaan, Turks Island, Gold Coast, Sierra Leone, Cape of Good Hope, Mauritius, and India, and those sent to Alexandria, Cairo, and Suez by British Packet, and to Bermuda, posted wholly or partially unpaid, are charged upon delivery with the deficient postage and 6d additional as a fine.

Letters to or from Ceylon, Australia, Tasmania, New Zealand, British West Indies (except Turks Island), Honduras, Malta, Gibraltar, Hong Kong, and St. Helena, posted wholly unpaid or paid less than one rate, are detained and returned to the writers for postage; but those on which one rate, although not the whole postage has been paid by stamps, are forwarded charged with the deficient postage, and 6d. as a fine.

Unpaid Letters sent to or received from the following places via Belgium are charged with a rate of 8d. per $\frac{1}{2}$ oz., viz., Prussia, Austria, Hamburg, Bremen, Lubeck, Bavaria, Saxony, Wurtemberg, Meclenburg Strelitz, Oldenburg, Luxemburg, and Brunswick.

Warm Climates.

The practice of Sealing Letters passing to and from the East and West Indies, and other warm climates, with Wax (except such as is specially prepared) is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the Melting of the Wax and Adhesion of the Letters to each other.

The public are therefore recommended in all such cases to use either Wafers or Gum, and also to advise their correspondents in the Countries referred to, to do the same.

Prepayment.

Letters addressed to places abroad may be prepaid in this country either in money or stamps, but such payment must be wholly in stamps or wholly in money. Newspapers and Book-packets must always be prepaid, and this in *stamps*.

* Alexandria, Jaffa, Beyrout, Tripoli in Syria, Latakia, Alexandretta, Mersina Rhodes, Smyrna, Mitylene, Dardanelles, Gallipoli, Constantinople, Ineboli, Kerasoun, Salonica, Samsoun, Sinope, Sulina, Trebizond, Tultcha, Varna, Volo, Galatz, and Ibrailla.

Optional or Compulsory Prepayment.

The letter v prefixed to a division (as that of Letters) indicates that in such case Prepayment is voluntary. In other cases Prepayment is compulsory. When a Letter or Newspaper, addressed to go by a route that requires Prepayment, is posted, unpaid, and there is some other route where Prepayment is not required, it is forwarded by that route; but if there be none, it is sent to the Returned Letter Office, to be returned to the writer.

Distance to which the Postage carries the Letter, &c.

An Asterisk * prefixed to any division shows that the postage there entered does not carry the Letter, &c., from the place where it is posted in the United Kingdom entirely free to its place of destination, but that it is liable to an *additional* charge upon delivery.

Mails when Due.

The dates given in the Table are those when the Mails are due in London, excepting Mails from the United States, British North America, and the West Coast of Africa *via* Liverpool, and from the Cape of Good Hope *via* Devonport. In these cases the dates given are those on which the Mails are due at the ports just mentioned.

No packet of books or newspapers, however, can be sent to the Austrian dominions *via* Sardinia if it weighs more than 1 lb.

The term "printed papers" (as applied to foreign countries) includes Parliamentary Proceedings and Books of every kind (whether printed, engraved, or lithographed), Sheets of Music, Prints, and printed or engraved Maps, with any binding, mounting or covering (whether loose or attached), belonging to any Book, &c., and any cases or rollers of prints, or of printed or engraved Maps, together with Book-markers, Pencils, Pens, or other articles usually appertaining to any such Book, &c., or necessary for its safe transmission. But no such Book, &c., (unless it be for Sardinia, in which case writing, not of the nature of a letter, is allowed), must contain any writing or manuscript mark of any sort, and no packet must exceed 18 inches in length, width, or depth (except those addressed to Sardinia, Spain, the Balearic or Canary Islands, Tuscany, Parma, Modena, and the Austrian Dominions, which may extend to 24 inches), otherwise it will be detained and sent to the Returned Letter Office charged with letter postage. To Spain, the Balearic or Canary Islands, however, Books cannot be sent; neither can Prints, Music, Maps, nor Drawings, unless they form part of a publication included in a packet of printed papers. In Spain also, as a rule, the circulation is prohibited of all articles which are not either letters or printed papers; but patterns and samples may be sent under the following regulations:—

- 1st.—The patterns or samples themselves must be of no intrinsic value whatever.
- 2d.—They must be enclosed in covers open at the ends or sides, or in such other manner as to admit of a thorough inspection.
- 3d.—The covers must contain no writing except the usual trade marks and numbers.

4th.—Packets of patterns and samples thus forwarded will be liable in this country to the same rates of postage as ordinary letters for Spain, viz., 6d. for a packet not exceeding a quarter of an ounce in weight, increasing for heavier weights at the rate of sixpence for each quarter of an ounce; and such postage must in all cases be paid in advance.

Periodical works not of daily publication, issued in the shape of pamphlets, may be sent to Prussia *via* Belgium and by private ship; to the United States, California, and Oregon, by packet, and to Holland *via* Belgium and by private ship (to which latter country Parliamentary Proceedings may also be sent), at the following rates:—Not exceeding 2 oz., 1d.; 2 oz. and not exceeding 3 oz., 6d.; 3 oz. and not exceeding 4 oz., 8d.; with an addition of 2d. for every additional ounce up to 16 ounces, above which weight the privilege does not extend, *except in the case of Parliamentary Proceedings to Holland, the weight of which is unlimited.* At the same rate of postage, any pamphlet not weighing more than 8 oz. (even though it be not a periodical publication) may be sent to the United States. This postage is only the British portion, a further sum being charged on delivery. The periodical works or pamphlets must always be sent in a cover open at the ends (not more than one being sent in a single cover), and the postage must be prepaid. Other printed papers or books (except those specified above), addressed to the places above named, are liable to letter rate of postage. There must be no writing, printing, or other marks upon the covers of periodical works and pamphlets for the United States except the names and addresses of the persons to whom they are sent; any other writing, printing, &c., will render them liable to letter rates of postage.

Prussia and the German Postal Union generally.

According to the regulations of the German Postal Union, no letter exceeding 50 grammes (a little more than $1\frac{1}{2}$ oz.) in weight, and containing any other enclosure than paper, can be allowed to circulate by the post. Any letters, therefore, forwarded in the mail to Prussia above that weight, and containing any other enclosure than paper, will be liable, on their arrival at the Prussian frontier, to be stopped and sent to the Custom House for delivery as *freight*.

ALLAN'S SHIRT AND COLLAR MANUFACTORY,

The Shirt trade in Dundee has been hitherto comparatively neglected, and consequently those requiring a superior article made to fit, have been obliged to send their orders to other towns in Scotland to be executed. As all sizes of shirts are kept in stock, or made to measure, if required, those favouring him with orders may depend upon being well satisfied.

ROYAL LIVER FRIENDLY SOCIETY.

Enrolled pursuant to Act of Parliament, 18th and 19th Victoria,
for England, Scotland, and Ireland.

ESTABLISHED, JULY, 1850.

CAPITAL - - - £15,280 4s. 1d.

ADVANTAGES.

- 1.—Members entered from one day to eighty years of age.
- 2.—Members are entitled to half-benefit in twenty-six weeks, and full benefit in fifty-two weeks.
- 3.—A person under thirty-five years of age, paying one penny per week, would be entitled to £6 at death for the first year, and 10s. additional each year until the sum amounts to £10.
- 4.—This Society being enrolled by Act of Parliament, guarantees a perfect security against non-payment, or any fraudulent dissolution or misapplication of the funds.
- 5.—The length of time existing being upwards of ten years, and in that space of time paid 12,314 deaths, amounting to the sum of £44,367 17s. 8d.
- 6.—The small weekly contributions paid, and the great benefits given.
- 7.—Children entering under ten years of age, receive £6 for one penny per week, after arriving at the age of ten years.
- 8.—This Society has 250 districts throughout the United Kingdom. The number of districts will show at one glance, that the income being £1000 per week, is quite sufficient, at all times, to meet the liabilities; for when any epidemic may occur, it will not be in all the places at one and the same time; consequently, the income from all districts will meet the expenses of the district so afflicted, which cannot be done in a local society.

UNITED KINGDOM INSURANCE—*Continued.*

THE uniform promptitude observed by this Institution in the settlement of Claims, it being the desire of the Directors to relieve parties from unnecessary trouble or delay, together with the moderate and safe rates of Premiums, and the steadily increasing business of the Society, offer to intending Assurers every advantage that Life Assurance is capable of affording.

**DIVISION OF PROFITS.—May 1861.**

In Department I., which belongs to the Temperance Section, the *Reversionary Bonus* ranged according to the age of the Assured, from 35 to 86 per cent. on the amount of Premiums paid since 1855, showing an average of above 60 per cent.

In Department IX., which belongs to the General Section, the *Reversionary Bonus* ranged from 24 to 59 per cent., showing an average of above 41 per cent.

In Department XI., comprising Policies on Joint Lives, the *Reversionary Bonus* ranged from 25 to 48 per cent., showing an average of above 36 per cent.

The gross surplus to be divided amounted to £66,852.

The Directors trust that the highly satisfactory state of the Institution as proved by the investigation of the Actuary, will be, not only to the Agents but to the Members universally, a strong inducement to renewed exertions on its behalf.

**ADVANTAGES OF THIS OFFICE.**

1. Entire Profits belong to the Assured.
2. No lawsuits—disputes, if any, settled by arbitration.
3. Any sum may be assured, from £50 to £5000, payable to the Member himself on attaining any fixed age, or at once to his representatives in case of earlier death.
4. Arrears may be paid up at any time within twelve months, upon production of certificate of health.
5. Policies indisputable, except for palpable fraud.
6. Purchase of Policies, or issue in lieu thereof, of a Policy without Premium. The Society will always be prepared to purchase the Policies of this Office, at their equitable value, or will grant a New Policy in lieu thereof, without any further payment of Premium, for a sum to be agreed on.
7. Loans are granted to the amount of the surrender value, without any other security than a deposit of the Policy. By this rule the risk of Members losing the benefits of previous payments from temporary pressure of circumstances is almost entirely removed.

---

 UNITED KINGDOM INSURANCE—*Continued.*

8. Thirty days allowed for payment of Renewal Premium; all Policies considered in full force until the days of grace have expired.

9. Liberty to travel or reside in any part of Europe, in Canada, and in the Northern Part of the United States, without extra charges.

10. No Entry money or other charge. Policy Stamp paid by the Office.

11. Parties insuring with this Society can deduct the Annual Premium on their own or their wives' lives from the assessment made upon them for income-tax.

---

N.B.—The Temperance and Public Sections are kept in separate classes, and will each receive their own profits.

## FIRE AND LIFE INSURANCE.

THE NORTHERN ASSURANCE COMPANY is specially empowered by Act of Parliament to Insure against Loss by FIRE, and to undertake all manner of Risk contingent on Life.

The Company offers great variety and convenience in the Mode of Insuring.

Policies are issued on the MUTUAL INSURANCE principle, so that all Profits of the Scheme are distributed among the Policy-holders, under a limited expense for managing it.

The Profits are ascertained every fifth year, and added to the sum insured. Every succeeding increase is computed on the original sum increased by the vested additions to it; thus a rapid accumulation is made to the Policy without increasing the Premium required.

Policies are also issued at Reduced Rates for a fixed sum.

The Company offers to Insurers the choice of these methods; by the first of contributing to a Fund whose surplus is added to their Policies; or by the other, of paying at the lowest rates consistent with perfect security for a fixed benefit.

Policies may be for the whole term of life; or they may be payable to the Insured on his attaining a given age or at his death before that age, thereby combining Life Insurance with a provision for Old Age.

By a Table calculated for the purpose, HALF-RATES only are required during the first five years, while the Insurance is payable without any deduction. This mode is designed to suit persons in Government Offices, and others with rising incomes.

Premiums are payable Yearly, Half-Yearly, or Quarterly.

Travelling and Residence in all Climates allowed, in most cases without charge.

By these liberal terms the NORTHERN ASSURANCE COMPANY holds out the very highest inducements to intending Insurers.

Tables of Rates and all information to be obtained at the Company's Office, or from its Agents.

23D ANNUAL MEETING—1861.

The CHAIRMAN said—Looking to all the Offices in the Kingdom, we find that of those established as late as ours not one has come up to us in general business, except it may be one, and in that case the difference, if any, is not great, while our own Realised Fund considerably exceeds theirs. If we look, on the other hand, to all the Offices older than ours, numbering probably about sixty, we have gone a-head of about one-half of them in the amount of our Accumulated Fund, and of nearly three-fourths of them in the number of our members.

The REPORT stated that 730 new Assurances had been effected, for £326,344 10s., with £10,165 8s. 4d. of New Premiums. The total Receipts of the year were £131,346 7s. 2d. The claims by death, 85 in number, were £43,348 18s., being greatly under the estimated amount.

SCOTTISH PROVIDENT INSTITUTION—*Continued.*

There had been issued in all 10,980 Policies, for £4,912,244 10s. The subsisting amount was £3,713,655 5s.

The Realised Fund, arising entirely from accumulated Premiums, was £700,638 2s. 1d.

Mr GEORGE HOPE, Fentonbarns, moved the approval of the Report. Referring to the discussions among Assurance Offices as to what are styled "Indefeasible Policies," he pointed attention to the leading part taken by this Society in freeing Policies from all elements of doubt as to their sufficiency—quoting the resolutions adopted by the General Meeting in February 1849, by which, among other relaxations, it is declared that "*there shall be no forfeiture unless the averments*" in the original proposal "*be fraudulent as well as untrue.*"

The ADVANTAGES which this Society offers to good lives are—a *greatly larger original Assurance for the same Premium, and eventually as large additions as where the ordinary high rate of Premium is charged.*

*For the same yearly sum as large an Assurance may generally be secured from the first as can be looked for elsewhere after many years' accumulation of Bonuses.* Thus, a Policy for £1200 or £1250 may be had for the Premium usually charged to assure £1000 only.

IN ADDITION TO THIS IMMEDIATE ADVANTAGE, the WHOLE PROFITS are secured to the Policy-holders themselves, and are divided on a system peculiarly favourable to good lives, no share being given to those by whose early deaths there is a loss to the Society.

Policies originally for £1000, which have shared at the two Septennial Divisions, have thus already been increased to £1300, £1500, and in some instances to £1780.

*Examples of Annual Premiums for Assurance of £100 payable at Death.*

## SCOTTISH AMICABLE LIFE ASSURANCE SOCIETY—(Contd.)

The Constitution and administration of this Society secure to its members the utmost advantages of the system of Life Assurance. The entire profits are divided among the Policyholders, and its ample and well-secured Funds afford undoubted security. The Bonus declared as at 31st December, 1860, was at the rate of **£1 15s 0d** per cent. per annum on the original sums assured, *and on all previous additions*, subject to the condition that the additions shall not be paid if a Policy has not continued five years. Prospective additions are allocated to Policies becoming claims in the intervals between divisions.

Special attention is invited to the economical system of Minimum Premiums recently introduced by the Society, by which Policies are issued at the very lowest Premiums consistent with safety, of which the following are specimens:—

TABLE A C—"MINIMUM PREMIUMS" FOR £100.

| AGE. | ANNUAL<br>PREMIUM. | AGE. | ANNUAL<br>PREMIUM. | AGE | ANNUAL<br>PREMIUM. |

This table has been framed by the application of Additions to reduce Premiums, on the assumption of Bonus declarations at the rate of  $1\frac{1}{2}$  per cent. If the additions be more, the Policy will be increased: if less, the Policy will be diminished. The rates of additions have reached 2 per cent., and have never fallen short of  $1\frac{1}{2}$  per cent.

Pamphlets, with Tables of Rates, and detailed Reports as to the Society's position, wherein the liberal conditions of its Policies and the equity and advantages of its arrangements are fully explained, and Forms of Proposal, may be obtained on application.

**ECONOMY OF MANAGEMENT.**—The Expenses of Management of the Lancashire Insurance Company, are the least in proportion to the Income of any of the fifty-two Companies who have rendered their Accounts to the Registrar-General, under the Joint Stock Companies' Act. (*See pamphlet by R. Christie, Esq., Scottish Equitable Office, Edinburgh.*)

The great extent of the FIRE BUSINESS of the Company enables the Directors so to apportion the expenses of management, as to charge the Life Department with its proper costs only, thus giving Assurers with THE LANCASHIRE INSURANCE COMPANY, all the *real* benefits offered by a *Mutual Office*, without any of its drawbacks.

**THE RATES OF PREMIUM** are extremely moderate, but calculated by an eminent and experienced Actuary, and are ample on first-class lives to produce a **Large Bonus Fund**, which will be **Divisible amongst the Assured** in 1863.

**MEDICAL FEES.**—All Medical Fees and other charges paid by the Company.

**STAMP DUTIES** not Charged, and Policies are issued *free of any expense whatever* beyond the Premium.

## PROGRESS OF THE BUSINESS.

Average Amount of New Assurances Annually  
for the last Fourteen Years,

**HALF-A-MILLION STERLING.**  
Being the largest Amount of Business transacted  
In that period by any Assurance Company.

These results have not been attained by any other than constitutional means, and the Directors are satisfied that, large as the Business has been, no office can exhibit a better class of risks.—It has not been increased by the inducement of personal loans.—The Directors have not followed the practice of assuring deteriorated lives on enhanced terms, nor has the STANDARD obtained business by means of agencies out of the United Kingdom. In short, it is a first-class Home Business, the Assurances being almost entirely, as stated in the Proposals for Assurance, effected in connection with Family Provisions and Marriage Settlements.

The Funds of the date of Investigation amounted to £1,856,802 : 19 : 5, shewing an increase of £700,000 since 1855 ; while during the same period the CLAIMS under Policies in consequence of death have been upwards of Half a Million Sterling.

## DIVISION OF PROFITS.

The STANDARD have divided Profits on six occasions,—1835, 1840, 1845, 1850, 1855, and 1860, when large sums were distributed. At the

**STANDARD LIFE ASSURANCE COMPANY.—Continued.**

Division of 1860 it was found that the Profits for the five years then ended, after providing for all responsibilities and leaving unvalued nearly £60,000 per annum, amounted to upwards of £200,000, of which upwards of £160,000 (four-fifths) were distributed among the Policy-holders.

The Divisions take place every five years—the next in 1865.

**FREE ASSURANCE.**

**In 1851** the Directors introduced the system of "Select Assurance," admission to which rendered Policies of five years' standing unchallengeable and indefeasible on any ground whatever, save non-payment of the Premium stipulated in the Policy, the Assured obtaining full permission to travel or reside in any part of the world without License or Extra Premium.

**In 1856** the Company adopted resolutions with the view of preventing Policy-holders losing the benefit of their Policies through any oversight in payment of their Premiums within the days of grace, or within an extended period, embracing thirteen months from the date when the Premium unpaid fell due.

**The Directors being now desirous of conferring further Benefits on the Policy-holders, propose for adoption the following additional Resolutions**

- I.—That henceforth, when the Directors are satisfied that a person proposed for Assurance has no intention of proceeding beyond the limits of Europe, from his occupation and other circumstances, as to which information shall be furnished to them, such Assurance shall be subject to no restriction as to Foreign residence, and the person whose life is Assured may proceed to and reside in any part of the world without license or payment of extra Premium.
- II.—That existing Policy-holders shall have the benefit of the same Regulations, upon application to the Directors, provided they are satisfied that such new benefit ought to be conferred.
- III.—That no Policy of five years' duration shall be liable to any ground of challenge whatever, connected with the original documents proceeding on which the Assurance was granted, but the sum Assured shall, subject to the payment of Premiums, and extra Premiums, if any, be payable in terms of the Policy, after proof of death to the satisfaction of the Directors.

**Increased Benefits have been Allocated  
to the Assured.**

This is a surer test of the prosperity of a Company than any other, provided the principles of the investigation of the Company's business when the Bonuses are declared are of a sound character. These, in the case of this Company, have been conducted under the highest

authority, and with the strictest accuracy; and it is confidently hoped that at the next investigation further increased benefits will be allocated to the Assured.

The Life Funds are kept quite distinct from those of the Fire Department, while they are almost wholly invested in Government or Landed and Heritable Securities.

The Assured may, without Licence or Extra Premium, pass in time of peace from one part of Europe to another by sea or land, and, upon application, no Extra Premium is charged for voyaging to, or residence in, Australia, Van Dieman's Land, Cape of Good Hope, or America, north of 38 degrees North latitude; but an Extra Premium is charged for working at the Diggings. Moderate Extra Rates are charged for voyaging to, and residence in, other foreign parts.

Policies are made indisputable under certain exceptions after being five years in existence.

---

**VOLUNTEER RIFLE & ARTILLERY CORPS.**

The Assured with this Company, in case of Invasion, falling in the service of their country, will have the full benefit of their Policies.

---

**FIRE DEPARTMENT.**

The Company insures Houses, Manufactories, Rents, Furniture, Goods, and Merchandise, Farming Stock, Shipping in Port and Dock, and while Building or used in Navigable Canals, and almost every other description of Property, from loss or damage by Fire, at Moderate Rates.

LOANS granted on Heritable or Landed Securities.
